EDUCATION

Bachelor of Computer Applications (BCA) — 2023 – Present

Administrative Management College, Bengaluru

PROJECTS

GlideGo — AI-Based Gesture-Controlled Smart Suitcase | Jan 2026 – May 2026

Tech Stack: Python · C++ · ESP32 · MediaPipe · NEO-6M GPS · L298N Motor Driver · DC Geared Motors · WiFi

- ▶ Developed a gesture-controlled suitcase that autonomously follows the owner using real-time hand gesture recognition via MediaPipe and a webcam feed over WiFi.
- ▶ Programmed ESP32 microcontroller in C++ to handle motor control, GPS tracking, and wristband-based theft alert system (notifications + buzzer).
- ▶ Built Python-based software layer for gesture detection, WiFi communication between laptop and ESP32, and GPS coordinate logging.
- ▶ Implemented owner-lock feature using hand-registration and cosine similarity matching to prevent unauthorized use.
- ▶ Debugged hardware issues including GPIO pin conflicts, motor speed calibration, and 5GHz WiFi incompatibility — resolved by switching to 2.4GHz hotspot.

Quiz App — General Knowledge Android Application | Sep 2025 – Nov 2025

Tech Stack: React Native · Expo · JavaScript · Android (EAS Build)

- ▶ Built a general knowledge quiz app for Android with multiple-choice questions and a score summary screen at the end.
- ▶ Developed and styled the app UI using React Native components; managed app state and question flow using JavaScript.

Expense Tracker Web App | Mar 2026 – Apr 2026

Tech Stack: HTML · CSS · JavaScript · Chart.js · LocalStorage

- ▶ Built a single-file browser-based expense tracker with dynamic charts, category filtering, and CSV export functionality.
- ▶ Designed with CA firm expense categories; used Chart.js for visual data representation and localStorage for persistent data storage.

TECHNICAL SKILLS

Languages: Python · Java · C++ · JavaScript · HTML · CSS

Tools & IDEs: Android Studio · VS Code · ESP-IDF · Git

Frameworks / Libraries: MediaPipe · Chart.js · JDBC

Databases: MySQL · SQLite

Concepts: OOP · DBMS · REST APIs · Embedded Systems · Computer Vision · AI/ML · Mobile Development

CERTIFICATIONS & ACHIEVEMENTS

- ▶ Advanced Excel & Power BI Training (August 2025)
- ▶ Participated in Hack Fest (April 2025)

SOFT SKILLS

Communication · Teamwork & Collaboration · Adaptability · Leadership · Time Management · Detail-Oriented
